

marine & offshore APPROVED SMOKE AND HEAT DETECTORS

Apollo's Orbis® and Discovery® ranges of smoke and heat detectors are approved for use in marine applications. These detectors operate in the same way as standard devices but are subject to additional approvals tests specific to the marine environment.

orbis®

Apollo's new conventional range, Orbis, is a modern, stylish detector packed with practical features.

Discovery is a range of high-specification, intelligent fire detectors developed to meet the requirements of sophisticated fire detection systems.

Part Number	Description
58000-600MAR	Optical Smoke Detector
58000-500MAR	Ionisation Smoke Detector
58000-700MAR	Multisensor Smoke Detector
58000-400MAR	Heat Detector
58000-210MAR	Mounting Base
58000-900MAR	Manual Call Point
55000-700MAR	Isolator
45681-211MAR	Isolator Base

Orbis and Discovery marine detectors are approved by the following bodies:

- Lloyd's Register of Shipping
- Maritime and Coastguard Agency
- American Bureau of Shipping
- Bureau Veritas
- Det Norske Veritas
- Germanischer Lloyd

Approval certificates can be downloaded from the Apollo website at www.apollo-fire.co.uk.

A number of mounting accessories are also available, including:

- Conduit box, part no 45681-204
- Backplate, part no 45681-233
- Deckhead mounting boxes
- A range of 150mm (6") bases

For more information, please refer to Range of Bases and Mounting Accessories brochure, PP1089.
